

## **Measuring for Precast Concrete Steps**

Unit Step would be delighted to come to your location and give you a free estimate.

We offer many sizes, and combinations of steps and railings to give you a great selection. We invite you to take a look around the website to see what interests you. If you need help determining what size look below

You can e-mail or phone us at your convenience. We want to give you accurate information, so first we have figure out what you want, what size you need and where you are so we can let know about how much it will be. This is what we call "the ballpark price". It is "a price range" and it is the most accurate pricing available over the phone or online.

If "the ballpark price" sounds good to you we will come to your home for a "site evaluation" and provide you with the "free estimate". We don't expect anyone to buy our steps over the phone or on the internet. In our "site evaluation" we confirm the size step you have told us you believe you need and we look at the access onto your property for our delivery vehicle. We measure and take responsibility that the right size step unit gets ordered. We will finalize your price as we review step, railings, installation options, and old step removal with you. We offer our "free estimate" in good faith that after you have the "ballpark price" and it is confirmed by a "site evaluation" you probably can't wait to order one of our steps.

- A. WIDTH OF STEP - (4', 5', 6')
- B. HEIGHT OF STEP - measure from bottom of threshold to ground - divide by 7.25 (ea. riser in height) to determine number of risers you'll need.
- C. DEPTH OF PLATFORM - (straight out from door)  
13", 30", 42", 59"
- D. TOTAL DISTANCE

.....

**MEASURING GUIDE: Height determines # of risers**

No. of Risers	Height	Without Platform	PLATFORM		
			30"	42"	60"
1	7.25"	13"	30"	42"	59"
2	14.50"	24"	41"	53"	70"
3	21.75"	35"	52"	64"	81"
4	29.00"	46"	63"	75"	92"
5	36.25"	57"	74"	86"	103"
6	43.50"	68"	85"	97"	114"

D on diagram

^This is the total distance^

Note: 2 additional A dimensions (3' and 7' widths) are now available.
